SMASH

# **SIMPLE MODEL FOR ADVECTING STORMS & HURRICANES**

# Notable Name

- Dependent on which Island in the Caribbean you are from each name may represent something different :
  - A near miss
  - A direct hit
  - Total Devastation
- I have no desire to suffer twice, in reality and in retrospect. -- Sophocles
- If a snake bites my neighbour, i too am in danger -- African Proverb

# SMASH

- Allows you to:
  - Traverse historical storms of note - GDP Damage and or Intensity - over any country in the Caribbean Territory
  - Vary intensity (Category 1, 3 or 5)
  - Vary the storms translational speed
